Doctors Can't Cure It!

Contagious blood poison is absolutely beyond the skill of the doctors. They may dose a patient for years on their mercurial and potash remedies, but he will never be rid of the disease; on the other hand, his condition will grow steadily worse. S. S. S. is the only cure for this terrible affliction, because it is the only remedy which goes direct to the cause of the disease and forces it from the system.

I was afflicted with Blood Poison, and the best doctors did me no good, though I took their treatment faithfully. In fact, I seemed to get worse all the while. I took almost every so-called blood remedy, but they did not seem to reach the disease, and had no effect whatever. I was disheartened, for it seemed that I would never be cured. At the advice of a friend, I then took S. S. S., and began to improve. I continued the medicine, and it cured me completely, building up my health and increasing my appetite. Although this was ten years ago, I have never yet had a sign of the disease.

It is like self-destruction to continue to take potash and mercury; besides totally destroying the digestion, they dry up the marrow in the bones, producing a stiffness and swelling of the joints, causing the hair to fall out, and completely wrecking the system.

HAMMACK.

J. W. Pointer is building a new house on his farm bought lately.

Woods Walker and wife have gone to Esfield, Ill., to visit her parents.

J. H. McQuerry bought a nice saddle mare from Thomas White, for \$1.00 cash.

Miss Bettie Bell has been on the sick list for the last week, but is improving slowly.

J. W. Pointer's little boy got burnt very badly by turning a kettle of boiling water over on him.

There are some persons who have been very annoying for about a week, of nights, in this neighborhood. Hallowing, shooting at people's lights in their houses, among women and children. People are nearly afraid to keep a light of nights, even where there is sickness. Let us appeal to the good citizens to execute the laws and put a stop to it.

Truth wears well. People have learned that DeWitt's Little Early Risers are reliable little pills for regulating the bowels, curing constipation and sick headache. They don't gripe. Storms Drug Store. 1m
